

Hallowed Homecoming: A Samhain Retreat

What to Bring

Hallowed Homecoming: A Samhain Retreat takes place at the height of fall, when temperatures in the Northern Virginia area can be quite cool, especially at night. Please take this into consideration when packing for the retreat.

On the following page, we provide some suggestions on what to bring. *Please note that this is not an all-inclusive list.*

Things to Consider When Packing:

- The lodging at Prince William Forest Park are rustic cabins (i.e., no heat).
- All cabins have lighting and electricity; however, only small electronics (e.g., cell phone charger, CPAP) may be used in the cabins.
- **Heaters and electric blankets are prohibited by the park.**
- Beds are twin-sized and include a mattress. Attendees must provide their own bedding, sleeping bag, etc.
- Check the weather before leaving to ensure you pack appropriately!
